

SIMPLY TECHWISE

Choose the new generation in Corporate Wear and blend an exceptional toned uniform or team wear that is to what you think looks the business and matches your company CI. You can Mix & Match across the full MACSEIS Collection.

POWERDRY®

This MACSEIS POWERDRY long lasting physical quick dry fabric absorbs perspiration instantly and dries quickly while creating high level of comfort while performing actively.

Dintex®

This MACSEIS EN343 Functional Hi-Tech Fabric is engineered using DINTEX Technical Membrane in either a 2- or 3-Layer fabric composition to achieve high levels of both waterproof protection and breathable comfort.

PROTECH™

MACSEIS incorporate Functional PROTECH TPU-Films in its 3-Layer bonded fabrics to balance waterproof and breathable levels to your exact protection and superb comfort.

STRETCH

Several MACSEIS and all MACSEIS WorkWear Products are made in 4WAYSTRETCH, offering a high level of Ergonomic Mobility. We tailor in articulated 3D body shapes to enhance the stretch level to its maximum.

MAX 40° HANG TO DRY

MACSEIS Products are all Functional and Ergonomic. We include a long list of technical components and functions to enhance your wellbeing while active also going forward. To preserve our world of technologies in your MACSEIS Product we exclusively tailor to wash by max40 degrees and hang to dry – do not tumble dry. This environmental progressive initiative does not stop you from keeping your MACSEIS Product clean. Modern wash detergents are effectively manufactured to clean at much lower water degrees. MACSEIS recommend using Wash Gels.

All MACSEIS Products are manufactured in Business Social Compliance Initiative (BSCI) Audited factories. BSCI is a supply chain management system that supports companies to drive social compliance and improvements within its manufacturing and supply chain.

MULTISTRETCH

MACSEIS knitted fabrics are crafted and developed in a MULTISTRETCH Knit to achieve stretch levels for your ergonomic mobility while wearing and active.

OEKO-TEX 100 CERTIFIED

All MACSEIS Products are made using only OEKOTEX100 Certified Components, Fabrics and Treatments. Our Fabrics are developed and produced to highest standards in color fastness and are AZO, PFOA and PFOAS free. Our metal components are nickel-free. Our Zippers are from YKK, SBS or YBF. A big part of MACSEIS Engineering Department efforts are constantly to run SGS Tests on batches of components and fabrics supplied to the manufacturing of our Products. Such tests are all run to OEKOTEX100 Standards. By only purchasing OEKOTEX100 Standard Certified components and fabrics MACSEIS ensures that our Products are also produced to EU-Standard and meets PSA Protection Categories.
